Overview

Visibly organised? Rexel Active and View-Tab™ pockets and folders have been designed to ease the daily frustrations of filing and organisation on and around your desk. The pockets and folders have clever re-usable ID features ensuring your files and file contents are always visible. The pockets also feature a rigid spine which is designed to click easily in and out of a lever arch file, for quick and easy access to contents without having to open the mechanism.

Features

- A4 folded insert label gives 16 printable locations and works with the double sided ID tab
- ID tab also acts to secure folder contents
